High School Notes

(By Mark Moo)

Commencement exercises will be held on May 19. On that date about 35 seniors will receive their diplomas. From present indications only a few of them will have to put in extra time to complete their courses. In typewriting and bookkeeping some are behind.

The baseball team will play its first regular game Saturday at The Dalles, against their most worthy opponents in years gone by. The team has elected as its leader for the season Clarence Hale, '17. He is undoubtedly the best player in school this year. He covers the position Capt. Pope had last year, shortstop, and a more worthy successor to that old star could not be found.

There is no telling how the game up there will come out, but there will be at least a score on both sides. The local boys have had good batting practice under the expert tutelage of Coach Cohoon, who is a professional pitcher himself.

The class track meet is being run in sections. The results will be given in next week's issue. The winners will be most people like publicity. But it must be that the seniors are an exception to the rule, for they are exceedingly backward about producing those pictures of themselves, which the editor of the Mascot covets so much.

Considerable enthusiasm is being aroused in tennis as to who will be on the team. All of last year's stars graduated, leaving a few punks fighting for the honors. The tryouts will be held soon, according to Manager Bentley. Those who are working hard for the team are Shank, Lovin, Bentley, Moe, Breed, Gasaway, Carline and McLanathan.

The last literary of the present school year will be held this evening.

Pine Grove Musical Tomorrow

An excellent program of vocal and instrumental music has been arranged for the Pine Grove grange entertainment tomorrow evening. The program will begin promptly at 8 o'clock. The proceeds will be devoted to the classes in elocution and folk dancing which will be begun in the near future.

If you want those that don't go wrong go to Johnson's.

Wood Not Knot Wood

Of course you may think—that wood is wood—but then again—sometimes—wood is knot wood—and wet—to boot.

And I decided—to tell you—if you read this—that there is some wood—not knot wood—which is not knot wood—and it is not wet wood.

And so—when you know this—then I'll tell you—more—and that is—we have that wood—to sell.

I'll add—just a little more—to tell you—that this wood is also—as cheap as any—and that—we deliver it—to you promptly.
